

## **Chairman's Report July 2025.**

Not much to report this month. The major item of news is the government's decision to withdraw funding for the creation of Neighbourhood Plans. This is extremely disappointing news for this Parish Council and will be discussed as an agenda item.

Another item on the agenda is the full council response to a survey distributed by the mayor of Shrewsbury. Could I ask all Councillors to take the time to look through these questions and formulate your own response to them before the meeting. This will hopefully enable us to complete this item in a reasonable timeframe.

Finally, I will be attending a Shropshire Together Conference on the 25<sup>th</sup> July, where the new Shropshire Council will be outlining some of their proposed plans for the following year. These will be outlined at the next full council meeting.

Rob Ruscoe.
