To BAYSTON HILL PARISH COUNCIL

20th APRIL 2018.

Dear Sir

As a long time occupant of my home in Bayston Hill

I feel it is a subject which concerns everyone who own a car.

It concerns the short time everyone on Bayston Hill have to cross over the A5 trunk road into Shrewsbury itself

Could you please put a suggestion to the Highways Authority that they could easily extend the time Bayston Hill Drivers have to enter & come over into Shrewsbury.

If the turning of the lights was extended by some minutes longer it would help drivers to go to Shrewsbury without a degree of haste which will in doubt lead to an accident some day.

As you are aware there was supposed to be a flyover at this junction years ago but was rejected on account of cost. If it was adopted today it could be many times more cost.

Please give my suggestion and request your urgent consideration before someone gets injured,

Yours faithfully
